Experience With

HTML	Bootstrap & Sass	NodeJS/Express
CSS	React/NextJS	MongoDB/Mongoose
JavaScript	Styled Components	Git/Command line

Projects

Shark Store

E-commerce app built with React on the client-side and firebase on the server-side.
-- React JS & Redux & Styled Components --
-- Firebase & Stripe --

My Own Portfolio

Coded and designed my own portfolio. It's fully responsive and user-friendly.
-- NextJS --
-- NodeMailer--

Quotes

Quotes is a website that I converted from PSD to code. It's fully responsive.
-- HTML & CSS & JavaScript --
-- Owl-Carousel --

Dogs Finder

This app is used to look for dogs by their names with the help of a third-party API.
-- React JS & Axios --
-- TheDogAPI --

MyTasks

A task management app that helps people write tasks and save them to their accounts.
-- React JS & Bootstrap --
-- Express & Mongoose & JWT --

REEN

REEN is also a website that I converted from PSD to code. It's fully responsive.
-- HTML & CSS & JavaScript --
-- Owl Carousel--
